This interview is mainly about what you do and think about your life at home, school and in your spare time/free time. Most of the questions about your health together with the simple measurements like height and weight come on the next (nurse) visit.

I'd like to start, though, with just one or two questions about health and then we'll get on to the main part of this interview.

*

HEALTH

(1) First, I'd like you to think of someone who is very healthy.
(Pause to give respondent time to think)

(a) Who are you thinking of? Is it a man or woman (a boy or girl?)
