**Eating Habits**

**These questions are about the foods you USUALLY eat. We know that what people eat varies from time to time, but try to think about the things you usually ate over the last 12 months.**

**You should answer the questions by ringing the answer which applies, or writing an amount in the box provided or writing in a type or brand name. Each question will make it clear which of these is required.**

The most common sort of question asks you how often you eat a particular sort of food. Here are some examples to show you how to fill in the answers.

Question 1 for example asks how often you eat certain types of bread. The first part asks how often you eat white bread.

	days per week							fortnightly	never
<b>If you eat white bread every day, ring 7.</b> .....	1	2	3	4	5	6	7	8	9
<b>If you eat white bread 3 days a week, ring 3.</b> .....	1	2	3	4	5	6	7	8	9
<b>If you eat white bread once a week, ring 1.</b> .....	1	2	3	4	5	6	7	8	9
<b>If you eat white bread about once a fortnight, ring 8</b> .....	1	2	3	4	5	6	7	8	9
<b>If you NEVER eat white bread, ring 9</b> .....	1	2	3	4	5	6	7	8	9

You are also asked whether the slices of white bread are thick, medium or thin, whether they are from a large or small loaf and how many slices you eat per day on the days when you eat white bread.

**Someone who eats two slices of thickly cut white bread from a large loaf every day would fill in the answers like this....**

	days per week							fortnightly	never
<b>White or white high fibre bread</b> .....	1	2	3	4	5	6	7	8	9

<p><b>Are the slices...?</b></p> <p>thick .....<span style="border: 1px solid black; border-radius: 50%; padding: 0 2px;">1</span></p> <p>medium .....<span style="border: 1px solid black; border-radius: 50%; padding: 0 2px;">2</span></p> <p>thin .....<span style="border: 1px solid black; border-radius: 50%; padding: 0 2px;">3</span></p>	<p><b>Are the slices...?</b></p> <p>large .....<span style="border: 1px solid black; border-radius: 50%; padding: 0 2px;">1</span></p> <p>small .....<span style="border: 1px solid black; border-radius: 50%; padding: 0 2px;">2</span></p>	<p><b>How many slices do you eat per day?</b></p> <div style="border: 1px solid black; width: 40px; height: 25px; display: inline-block; text-align: center; line-height: 25px;">2</div>
--	--	--

We have tried to make the instructions as clear as we can, but we know that sometimes things will be a little more complicated than the question allows for. For example, question 23b asks how many teaspoonfuls of sugar or honey you take in tea. If you sometimes take sugar and sometimes not, try to think whether you more often take sugar or not and tell us which you most often do rather than leaving the answer blank.

Most people take about twenty minutes to fill in the questions. If there are questions which you find it hard to answer, perhaps because you don't do the shopping, but someone else in the family would know the answer then you can ask them.

**NOW PLEASE ANSWER THE QUESTIONS BELOW. DON'T LEAVE ANY QUESTION BLANK UNLESS THE INSTRUCTIONS FOR THAT QUESTION TELL YOU TO.**
